BOARD OF GOVERNORS

By FOLIO Staff

The regular meeting of the Board of Governors and its Executive Committee was held Friday, April 7, 1972.

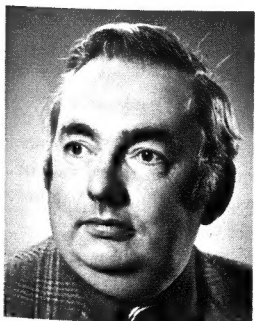

APPOINTMENTS

D. A. MAC KAY, Professor of Educational Administration since 1970, has been named Chairman of the Department of Elementary Education. He will succeed MYER HOROWITZ, who becomes Dean of the Faculty of Education July 1 of this year.

Dr. MacKay received his Bachelor of Arts degree from St. Francis Xavier University in Antigonish, Nova Scotia in 1959 and his Master of Arts degree in Philosophy from the University of Toronto three years later. He earned his PhD in Educational Administration at The University of Alberta in 1964.

From 1950 to 1962, he was a high school teacher and principal at schools in Nova Scotia and Alberta. Following completion of his doctoral program, Dr. MacKay was named Assistant Professor of Education at the University of Saskatchewan, Saskatoon campus. He returned to The University of Alberta as Assistant Professor of Educational Administration in 1965 and was appointed Associate Professor the following year.

Dr. MacKay has been active in the Nova Scotia Teachers' Union and a number of professional committees in Nova Scotia, Saskatchewan, and Alberta. He is currently a member of the American Educational Research Association, the Canadian Educational Research Association, the American Association of School Administrators, and the Centre for the Study of Democratic Institutions.

Dr. MacKay

BRUCE W. WILKINSON, Professor of Economics, is the newly-appointed Chairman of the Department of Economics.

The appointment becomes effective July 1, 1972 when Dr. Wilkinson returns from a year's sabbatical at the London School of Economics.

Dr. Wilkinson received a Bachelor of Commerce degree with great distinction from the University of Saskatchewan in 1953 and spent the next seven years with Imperial Oil Limited. In 1961 he received his Master of Arts degree in Economics from this University.

He then enrolled at the Massachusetts Institute of Technology (MIT) where he earned his PhD in Economics in 1964. While attending MIT, he received three-year fellowships from Imperial Oil Limited, the Teagle Foundation, and MIT.

From 1964 to 1966 he was Assistant Professor in the Department of Economics at the University of Saskatchewan, and from 1966 to 1967 he was a Visiting Professor in the University of Western Ontario's Department of Economics. He was appointed Associate Professor of Economics at The University of Alberta in 1967 and Professor in 1971.

Dr. Wilkinson's publications include *Canada's International Trade: An analysis of recent trends and patterns* and *Effective Protection in the Canadian Economy*, a special study done in collaboration with J. R. Melvin for the Economic Council of Canada.

PARKING FEES RAISED

In an effort to achieve a break-even operation of parking facilities, the Board voted approval of higher parking rates. Effective July 1, 1972 the fees will be:

	Annual	Monthly
Reserved stall parking permit		
With plug-in	\$84	\$11
Without plug-in	60	8
Additional fee for 24-hour reserved stall	36	4
Reserved zone parking permit		
With plug-in	60	8
Without plug-in	48	6
Peripheral zone parking permit	18	3
Alternate car parking permit	2	
Motor Vehicle Pool permit	2 (additional)	

BUILDING COMMITTEE

The Board Building Committee reported for information it had approved minor changes

in the program for Arts 2, phase I and Mechanical Engineering 2, phase II.

The Department of Philosophy will be housed in the new Arts building, and the office of the Dean of Engineering will be located in the Mechanical Engineering Building.

FRESHMAN ORIENTATION SEMINARS

The Board approved a grant of \$3,000 to the Students' Union for the Freshman Orientation seminars in 1972; \$2,000 in 1973; and \$1,000 in 1974. The Students' Union expects to seek support from other sources as the grants decrease.

GRADUATE STUDENTS' ASSOCIATION

Board approval was granted to a request by the Graduate Students' Association that membership fees be raised to \$5 per year for full-time graduate students and \$2 per year for part-time graduate students, commencing with the 1972-73 academic year.

STUDENTS' UNION FEES

Members approved the re-classification of third and fourth year students in the Faculty of Medicine, allowing them to pay the \$10 fee of graduate students rather than the normal \$23 fee for a full membership. The ruling will apply to the 1972-73 academic year.

SALARY NEGOTIATIONS

The completion of salary negotiations for non-academic staff at the University was announced by the Board and the Non-Academic Staff Association (NASA).

Staff members will receive a 4½ per cent salary adjustment, effective April 1, 1972. The agreement provides for a general salary adjustment of 5 per cent, with the other one-half of one per cent to be put into a fund to ensure continuing employment, for up to six months, of any member of the non-academic staff whose position has become redundant due to financial pressures. If NASA funds are not sufficient for this part of the agreement, the University will match the amount contributed by NASA.

One issue raised during negotiations has gone to arbitration. The Board and NASA found that, because of the introduction of the new Unemployment Insurance Act, they could not agree on whether to integrate the benefits received under the Act into the terminal compensation formula provided for in the present agreement. Recommendation of the arbitrator is expected before April 21.

PARKING POLICY

The following announcement has been received from M. M. MIDGLEY, Assistant Secretary, General Faculties Council.

The Executive Committee of General Faculties Council has been asked by the Campus Security Services Policy Committee to approve the following recommendations:

1. THAT wherever physical layout of private stalls allows, these should be converted to zone parking.

2. THAT the priority system for the allocation of parking permits on the campus remain as it is at present, with the following provisions:

- that members of the University community living within 300 yards of the main boundaries of the campus be placed in the lowest priority
 - that the zones established by the students in 1971 be adopted as part of the official policy of the University in this matter
- The Executive Committee agreed that these
